PROFESSIONAL SUMMARY

Results-oriented Full Stack Developer with over 2 years of experience specializing in Dot Net, Java, Spring Boot, and ASP.NET Core, currently expanding into AI with hands-on contract work in Prompt Engineering and Context Prompting. Proven ability to build scalable web applications, RESTful APIs, and secure authentication systems, alongside crafting optimized AI prompts for intelligent, context-aware applications.

TECHNICAL SKILLS

AI & Prompting: Prompt Engineering, Context Prompting, LLM Integration
Languages: Python, C#,Java, JavaScript, TypeScript, SQL
Frontend: Next.js, React, Angular, Tailwind CSS, HTML5, CSS3
Backend: Dot Net Win Application, Flask API, Spring Boot, ASP.NET Core, RESTful APIs, Microservices
Databases: MySQL, MongoDB, SQL Server
DevOps & Tools: Git, Postman

PROFESSIONAL EXPERIENCE

Independent Contractor Remote
Prompt Engineer (Contract) 2025 – Present

- Design and optimize complex prompts using Context Prompting techniques to improve Large Language Model (LLM) output accuracy, structure, and relevance.
- Develop prompt templates and workflows to streamline data extraction, text generation, and reasoning tasks.

Twinstep Solutions Chennai, India
Full Stack Developer Oct 2024 – Oct 2025

- Designed and developed enterprise applications using .NET API web services and Windows Applications for industrial levels.
- Developed secure RESTful APIs utilizing JWT authentication.
- Optimized MySQL queries, successfully reducing API response time.
- Conducted peer code reviews and performed QA testing to ensure software quality and maintainability.

HiDreamz Solutions Kottayam, India
Junior Software Developer Oct 2023 – Sep 2024

- Developed and deployed full-stack web applications utilizing Python Flask and MySQL.

KEY PROJECTS

Logos Bible Study Chatbot (Vachan Study) | *Next.js, FastAPI, MongoDB Atlas, Gemini AI, Vector Search*

- Developed a multilingual AI-powered Bible study assistant using Retrieval-Augmented Generation (RAG) and Large Language Models (LLMs).
- Implemented Hybrid Search combining MongoDB Atlas Vector Search and BM25 keyword search with Cross-Encoder re-ranking for improved answer accuracy.
- Built real-time conversational experiences using Server-Sent Events (SSE), Speech-to-Text (STT), and Text-to-Speech (TTS) capabilities.
- Designed scalable backend services using Python FastAPI, MongoDB Atlas, and Gemini AI for intelligent question answering and contextual scripture retrieval.

Gundert Translation Editor | *Next.js 16, React 19, PostgreSQL, Drizzle ORM, Gemini AI*

- Developed an AI-assisted translation platform supporting collaborative workflows for multilingual Bible resources.
- Implemented role-based translation and review pipelines with Draft, Review, and Approval stages.
- Integrated Gemini AI for automated translation draft generation, glossary consistency checks, and validation workflows.
- Built resource import/export pipelines supporting XML, JSON, Markdown, CSV/TSV, and SFM/USFM formats.

Scrummer - Developer Time Tracking Platform | *SvelteKit, TypeScript, Turso DB, GitHub API*

- Developed a cloud-native time tracking platform with GitHub issue integration and real-time synchronization.
- Implemented secure authentication using JWT, Google OAuth, and GitHub Device Flow.
- Designed serverless APIs with SvelteKit and integrated Turso cloud database for scalable persistence.

School Management System | *Java, Spring Boot, Angular, MySQL*

- Implemented secure role-based access control systems using Spring Security and JWT.

Production Data Visualization System | *ASP.NET Core, MySQL*

- Built a real-time data visualization system featuring automated reporting functionalities.

- Successfully integrated external PLC data sources into the visualization pipeline.

Business Landing Pages | *Next.js, TypeScript, Tailwind CSS*

- Engineered highly responsive and performant landing pages for business clients.

EDUCATION

Bachelor of Engineering in Computer Science and Engineering 2017 – 2021
Anna University CGPA: 7.56

Higher Secondary (Class XII) 2016 – 2017
BMM English Medium Senior Secondary School, Kottayam (CBSE) 60%

Secondary School (Class X) 2014 – 2015
Vimalambika School, Pampady (CBSE) 70%

CERTIFICATIONS

- **.NET Full Stack Development**, Accord Info Matrix
- **Java Full Stack Development**, Inet Infotech
- **Angular Certification**, Accord Info Matrix
